CRRMCO Vice-Chair Report

I would like to echo Leah's report on the success of this years campout. I talked to many people in attendance who said it was the best campout yet. The campground hosts were happy with us.

As ws stated, the campground is reserved for June 9-11, 2017. The fee has increased over last year. I'm not sure how this should be deal with as relates to the seed money and budget for 2017.

I have also talked to several people who expressed interest in being part of the committee for next year's event. However, I ask that RCMs please announce the Administrative election at the November CRSC meeting, and committee elections at an anticipated December Committee Meeting.

Thank you for letting me be of service!

Derek W.
