### **Regional Chair Report**

17 July 2022

Welcome Everyone to July 2022 Colorado Regional Service Committee meeting. Thank you all for joining us today especially anyone new to Colorado Regional Service.

The last couple of months have been busy! I want to thank all those who supported the Mile High PR Carnival, but especially Niki, Russ, and Chuck who helped at the Regional Table. It was well attended by many new commers and those looking to get into service. I made NA bags and gave out candy as prizes for the Plinko game we played at the table. I also had the pleasure of attending the Regional Campout. Hats off to all those who served in such a spiritual event. After two long years – it was totally worth the wait! As always, I want to remind those looking to financially contribute to NA World Services, that can be done at:

<https://www.na.org/contribute>

Today we have the following items to address:

- Regional Elections.

CRSCNA Vice Chair

CRSCNA PR Chair

CRSCNA PI Chair

☐ Article 6, Section F, Steps and Schedule: CRSCNA Administration, RD/RDA, CNAC and PR Subcommittee (combining PI, H&I, etc.) will prepare and present the Tier 1, 2, & 3 proposals for the budget.

☐ CRCNA Program Chair presents the CRCNA Program and Marathon meeting topics to CRSCNA for approval.

☐ Regional Assembly 17 September 2022 Planning Virtual or in person (Boulder Area Hosts if in person)

In loving service,

Angie R. CRSCNA Chair.

Hello Conference participant,

We are writing with some reminders and to keep you informed about the situation in Iran

- [RBZ deadline](#)
- [Situation in Iran](#)
- [Loner and DRT/MAT surveys](#)

#### [A Spiritual Principle a Day \(SPAD\)](#)

Daily email with each day's A Spiritual Principle a Day reading.

#### [Just for Today Daily Emails](#)

Daily email with each day's Just for Today meditation.

### **RBZ Deadline**

The deadline for regions, the board, and zones to recommend members for nomination to World Service trusted servant positions is 30 September. Those recommendations are called RBZs. Historical data from WSC elections indicate that Conference participants have the greatest confidence in nominees with an RBZ recommendation, and so the HRP is asking all candidates to gain an RBZ recommendation. The link to the online RBZ submission form is on the worksheet in the HRP folder in the CP Dropbox.

Asking for Colorado Regions “vote of confidence” to nominate & recommend Chuck C to WB.

## **Situation in Iran**

We have received many questions about some postings on social media related to recent decisions in Iran for the Iran region to print and distribute NA literature. The Iran region is not the only region in Iran, but it is the largest. We learned of these decisions in the same way that many of you did by reading about them on social media. The region did not attempt to discuss this decision with us or announce their intention to us. We are currently attempting to communicate with the delegate and other trusted servants from Iran.

As we have written to some members who have contacted us with questions:

NA has created a service structure to serve the needs of our members and groups and has assigned responsibilities to that structure. One of World Services’ responsibilities is protecting the Fellowships copyrights and trademarks

*A Guide to World Services in NA* is approved by the 129 voting delegates at the World Service Conference, of which Iran is a part. It defines NA World Services this way:

*World services are those services that deal with the problems and needs of NA as a whole and that NA offers to its members, its groups, and to society. The basic purposes of our world services are communication, coordination, information, and guidance. We provide these services so that our groups and members can more successfully carry the message of recovery and so that our program of recovery can be made more available to addicts everywhere. Although all parts of our service structure affect and are affected by NA as a whole, only at this level do we find service bodies designed to deal with problems that involve our entire Fellowship.*

No matter how any of us feel individually, decisions in NA are made collectively. The activities at NA World Services are directed by decisions made at the World Service Conference, and those decisions have established that NA World Services is the sole publisher and distributor of NA literature. Having one place to manage the copyrights and trademarks means that this material remains the property of NA as a whole. NA World Services holds the literature in trust for the Fellowship and helps to ensure that the NA message is the same all over the world.

For more information about NA literature and copyrights, see the two World Board bulletins posted on [www.na.org/fipt](http://www.na.org/fipt). They are titled *NA Literature and Copyrights and Group Conscience and NA Literature*.

We will update you about this situation as we know more.

## **Surveys for The Loner and DRT/MAT**

As you know, we are surveying to gather input on a revision to *The Loner* IP and to ask what members would like to see in a piece of NA literature on DRT/MAT as it relates to NA. Both surveys are posted here: [www.na.org/survey](http://www.na.org/survey). We have also posted workshop material for both surveys. *The Loner* survey will be up through 31 August 2022, and the DRT/MAT survey will be online through 30 November 2022.

## **RMZF**

## **US Zonal Collaboration**

Is still Collaborating about Collaborating. Possible survey coming soon.

Strategic Planning Framework Draft Pgs. 5 – 7.

Collaboration Letter, Vision & Purpose statement Pgs. 8, 9.

# Strategic Planning Framework

## National Zonal Forum

## Draft

### Purpose

*Contribute to the growth of NA in the United States through information sharing and the coordination and collaboration of services.*

### Function

*We will operate in a manner that compliments the services provided by the US Zones, Regions and NAWS and enhances unity and communications*

---

### High Priority / Phase 1

Goal: To increase public awareness of NA, how to contact us, and how to get information about recovery of drug addiction throughout all the Regions in the US

1. US Website with basic common PR information
  - a. Assist with updating national BMLT

- i. Helps NAWS as well
- b. Public facing first, NA resource second
  - i. Include a way to connect to local resources
- c. Minimal financial impact
  - i. Webspace can be donated by a service body
  - ii. Domain name would have cost, but can likewise be donated
- d. *Central shared email for each US (Already in progress)*
  - i. *Clarify responsibility for connecting incoming communications*
    - 1. *Slack*
    - 2. *Google Groups*
    - 3. *Google Drive*
- e. Who
  - i. US Collaboration Web Task Team
    - 1. One lead / volunteer
    - 2. Open participation
    - 3. Possibly utilize mentorship in this process

Goal: Improved access to workshops and training material

- 1. Coordinate consistent (bi-monthly?) virtual workshops on prioritized topics such as PR 101 Sessions, FD, H&I, Website basics
  - 1. Possibly coordinate with MZ Video Collab Workgroup + NA Virtual Outreach
    - i. Survey fellowship to prioritize topics / needs
  - 2. Who
    - i. US Collaboration Training Task Team
      - 1. One lead / volunteer
      - 2. Open participation
      - 3. Possibly utilize mentorship in this process

Goal: Foster a common understanding of the purpose of Fellowship Development to strengthen our Groups, build our service structure and grow our local NA communities.

- 1. Fellowship Development Literature
  - a. Fellowship Development in NA pamphlet or bulletin
  - b. Fellowship Development Basics / Handbook?
    - i. Request this task of NAWS?
    - ii. Coordinate with international zones as a task?
  - c. Presenting as an IDT - Workshop for input – develop a session profile
    - i. Definition from PR Handbook
    - ii. Graphics / I.e. - the interconnection and the distinction between outreach
  - d. Who
    - i. US Collaboration FD Literature Task Team
      - 1. One lead / volunteer
      - 2. Open participation
      - 3. Possibly utilize mentorship in this process

4. They would prioritize the literature / IDT's / etc internally

Lower Priority / Parking Lot – Reexamine / Reprioritize after 6 months

Issue: PR in the US lacks consistency in understanding, presence, and communications.

Goal: To increase public awareness of NA, how to contact us, and how to get information about recovery of drug addiction throughout all the Regions in the US

Approaches:

1. Public Relation coordinators
  - a. Central resource for internal communications for PR requests which is disseminated efficiently and effectively with good follow up.
2. National PSAs
3. Video of PR presentation
  - a. NA a resource in your community presentation video
    - i. Possibly use one that already exists.
  - b. Presenting to professionals' how-to video
4. National phone-line
  - a. Heavy potential financial impact
    - i. \$500/month with heavy usage (estimated)
    - ii. Service bodies adopting the national hotline would increase the value / decrease the financial impact
5. System for identifying (grading) "mature" (sustainable) service committees

---

Issue: There is a lack of a common understanding of fellowship development within the US fellowship that contributes to weak, inconsistent internal development and slow external development/growth

Goal: Foster a common understanding of the purpose of Fellowship Development to strengthen our Groups, build our service structure and grow our local NA communities.

Approaches:

1. FD inventory tool to evaluate current FD needs and strengths.
  2. Use data sets of existing meeting information from BLMT or other resources, overlay on top of population density maps. Prioritize FD based on where NA is not. Highlight prison, jails, treatment centers, etc.
-

Issue: Lack of consistent communication and information accessibility between service bodies and with groups.

Goal: Improve information accessibility between service bodies and with groups.

2. A “place” for members to post simple questions and get solutions to service problems.
  1. Low resource need
  2. Who
    - i. US Collaboration Resource Coordination Task Team
      1. One lead / volunteer
      2. Open participation
      3. Possibly utilize mentorship in this process
3. Service material database that is searchable
  1. High resource need
  2. Who
    - i. US Collaboration Service Database Task Team
      1. One lead / volunteer
      2. Open participation
      3. Possibly utilize mentorship in this process
1. Improve communications between service bodies and with groups.

Approaches

  1. Creating a forum that encourages conversations with neighboring service bodies
    - i. Medium resource need
  2. Develop and maintain ongoing relationships with near-by service bodies
    - i. This is a goal, not an approach
  3. Further develop the BMLT tool “Beam”
    - i. High resource need

## **Collaboration of US Zones – Vision Statement**

Through the collaborative efforts of the US Zones of NA, we are inspired in unity to coordinate services of which this collective is uniquely qualified. This collaboration seeks to provide a source of experience and inspiration to share with NA communities, as requested by the US Zones. This assistance will help communities grow critical services to fulfill our primary purpose that no addict seeking recovery from addiction need ever die.

To accomplish this, a collaboration of US Zones will strive to:

- Raise awareness of the zones in the US as positive, reliable, and valuable assets in achieving our primary purpose.

- Provide a national resource that brings consistency and accessibility to communications within the fellowship and with the public in the US.
- Provide internal services and training to US Zones and local NA communities in public relations, fellowship development, technology, and communications.
- Be strategic in its planning and offer project-based resources when requested.
- Energize and stimulate the growth of NA in the United States by enhancing cooperation, coordination, and information sharing.

A collaboration of US Zones will be directly accountable to the zones of the US. It will include the US Zones in its discussions and projects with both regular reporting and active listening. It will strive to be responsive to requests for help from any service body, and closely coordinate and collaborate with the US Zones. We will always remember who we serve and why.

## **Collaboration of US Zones – Purpose Statement**

### **Zonal Statement**

A collaboration of US Zones will strive to improve awareness of our zones as assets to our local service bodies. Identification and utilization of the untapped resources in our zones will come as we share knowledge and our service experience.

### **Communications Statement**

A collaboration of US Zones will strive to act as a national communications hub to enable simple and accessible communications within NA and with the public. This will enable addicts and the public to connect to the recovery, service, and information source in their local community. Whenever people reach out to NA in the US, this collaboration will strive to connect them to an addict, service body, or NA information source.

### **Technology Statement**

A collaboration of US Zones will strive to improve our service efforts through technology. The goal is to enable NA members to work together to leverage technology in creating systems and processes to enhance our ability to reach the addict that still suffers.

### **PR Statement**

A collaboration of US Zones will strive to improve our PR efforts by galvanizing the unity of NA's message within the US. By supporting efforts to nationally interface with the public, we can have a national presence that will validate NA as a resource.

A national PR effort will strive to: (1) address the issues that only a US body can accomplish (2) provide a centralized point of contact, i.e., a website/phoneline to enable the public to better seek us out, (3) assist our fellowship in providing national PSA's (4) Communicate and coordinate information and attendance at national conferences.

### **Fellowship Development/Outreach Statement**

A collaboration of US Zones will strive to improve our Fellowship Development/Outreach efforts by growing NA's presence in isolated communities. We will strive to offer project-based services and mentorship. We will strive to map where NA is not so we can identify where NA services are most needed across the US. All Fellowship Development/Outreach activities will be in collaboration with the local zone.

### Accountability Statement

A collaboration of US Zones will be directly accountable to the zones of the US. It will include the US Zones in its discussions and projects with both regular reporting and active listening. It will strive to be responsive to requests for help from any service body, and closely coordinate and collaborate with the US Zones. We will always remember who we serve and why.

- [We just implemented text-to-give capability](#)

### **Text-to-Give**

We have a new way to contribute to World Services. If you text the word **VISION** to the number **801801**, you will get a link that takes you right to our contribution page [www.na.org/give](http://www.na.org/give). We're trying this new method because it may be more convenient for members in meetings on mobile devices and it's easy to announce in meetings and events.

We have posted a slide about text-to-give for meetings and events in the on-screen resources section of the virtual meetings page: [www.na.org/virtual](http://www.na.org/virtual)

We will be emailing again this month when we have posted the *Interim Conference Agenda Report* / Conference Approval Track material.

In service,

World Board

### **Invest in Our Vision**

Our Seventh Tradition essay in the Basic Text says, We all have to pull together, and in pulling together we learn that we are really part of something greater than ourselves. We

hope you'll consider a monthly financial contribution to World Services if you haven't already set one up: [www.na.org/contribute](http://www.na.org/contribute)

Note: NA.org is transitioning to a new system, your recurring donations may need to be updated.

### **From The 2010 CAR:**

Our hope is that these new self-support pamphlets, *Funding NA Services* and *Money Matters: Self-Support in NA*, will help to change the way the average member thinks about self-support and individual contributions, and to encourage groups to contribute directly to each level of service for a more stable fund flow that better covers the cost of services.

### **Our Seventh Tradition essay in the Basic Text says:**

“We all have to pull together, and in pulling together we learn that we really are part of something greater than ourselves.”

## **The NA Principle of Self-Support**

Copyright © 1987, 1988

“NA membership gave us back our lives. And though the only requirement for NA membership is a desire to stop using, many privileges come with it. With privileges come responsibilities. One of the greatest of these is the privilege and the responsibility of paying our own way—to help NA be self-supporting. In active addiction we were always dependent on others.

In recovery we begin to support ourselves, and we support the group that supports us. In doing that we help maintain our newfound dignity and freedom. We also have the privilege of being able to reach out to others with the same help that was offered us....

By allowing us to support NA groups and services, the basket gives us the chance to reach out further than our own two hands could reach alone. We welcome that opportunity—the chance to give back a little of what was so freely given to us.

The paradox of NA recovery—in giving to others we help ourselves. Putting money in the basket is our privilege and our responsibility....

To truly carry out our primary purpose, our groups must behave in a financially responsible way so that we can contribute to the NA message being carried at every service level, in every country, to every addict seeking recovery”.

### **[narcoticsanonymous](#)**

In 1959, NA briefly died out. When NA restarted, what helped it grow was a new-found emphasis on the Traditions. This format from the Architects of Adversity group in 1960 included a reading of the Traditions. It also included this announcement:

We have no dues or fees, but we are self-supporting. We ask newcomers and visitors, please do not contribute. All others are privileged [sic] to contribute if they are able to do so.

You can still hear some version of that announcement in many NA meetings today. Contributing to NA is a way to show our gratitude for the program that saved our lives.

### **Future of the WSC June 2022 Report to Conference Participants**

Hello Conference participants and others,

This is the second report from the board this year devoted to the future of the World Service Conference. The June 2022 conference participant web meeting will be focused on the ideas here, with plenty of time for participants to share thoughts and ask questions. This report elaborates on the recommendations we made in April 2022. (That report is posted in the Future of the WSC section of [www.na.org/conference](http://www.na.org/conference)). Participants' ideas shared at WSC 2022 and via email have helped us add some elements to the recommendation.

The conversations at WSC 2022 looked forward to a real transformation of the conference—with thoughtful focus of our limited resources, including our time; strategic use of technology to accomplish some tasks and continue connecting virtually, and increased collaboration on the work of the WSC particularly the Conference Agenda Report.

To take the first steps in this transformation, the essence of our recommendation remains the same: Let's try a three-year WSC cycle and shift to an opt-in funding model, with delegate funding available upon request rather than automatic.

We are recommending the WSC adopt a three-year cycle for two cycles as an experiment.

Continuing a three-year cycle past that point would require further conference action.

An interim virtual meeting would take place two years into the cycle.

We recommend a workgroup of zonally selected members be formed after WSC 2023 to fill in some of the detail about what a transformed WSC and a three-year cycle might look like and make further recommendations to the board for us all to discuss.

Both the interim meeting and the workgroup are suggestions from a number of participants. Thank you! There are many more good ideas that we anticipate discussing and trying in this evolutionary process.

We will try to answer some questions we've heard so far below.

Don't we need to know more about what a three-year cycle will look like in order to make a decision?

We—the board, the WSC, and the Fellowship, to at least some degree—talked for many years before the pandemic about how to improve the effectiveness of the WSC and use our limited resources more strategically. If our historical experience is any measure, discussion alone would not leave the conference in a substantially different place in 2025. In NA, we often learn by doing. In recovery, we are used to taking one step at a time.

2

The WSC is currently in the midst of a three-year cycle because of global health and economic

circumstances. Adapting to the conditions of the pandemic has often been very difficult, but it has also increased our capacity to imagine a different future.

The board does not believe it is necessary to fully plan how things might best be improved as long as we know participants share a commitment to improving it. In the last CP webinar, we heard that delegates would like more opportunity to give input and the idea of a delegate workgroup seemed popular.

Many delegates also suggested an interim WSC meeting. The board agrees that it seems necessary to meet virtually mid cycle, or two years in, to make decisions that must be addressed.

We have faith that the conference will develop a picture of a three-year cycle incrementally and collectively while we are in a six-year experiment, just as, in our personal programs, we “made a decision” and then continued on a path of spiritual awakening. To get anywhere, we have to start the journey, and this is a way to start the journey.

Is this just about saving money?

We believe that, in NA, the question shouldn’t be, What can we do to save money?; it should be Are we spending the limited resources we have as wisely as we can to further our primary purpose?. Part of being responsible is regularly reexamining our choices about how we allocate resources in the face of change. A three-year cycle will free up some Fellowship resources—money, but also delegate time, regional and area discussions, NAWS efforts, etc.—to focus on how to better carry our message to still suffering addicts.

At World Services, we would love to be able to devote more resources to revising dated service materials, such as A Guide to Local Services; holding an African Zonal Forum; and offering more support—conversations and tools—to address Fellowship concerns, such as protecting anonymity, navigating social media, guarding against predators, helping all members feel welcomed, “regardless of...” and so very much more. These are just a few ideas. The list is longer than the space in this report.

For many years, the board has said that the current approach to the conference is “not sustainable,” yet we have been doing the same thing for decades. Is it responsible? Is it strategic?

We believe the cost-savings alone of moving to a three-year cycle make it a worthwhile change, but not because we are “saving” money—because we are making money available to carry our message in other ways.

Our resources are finite. The need is infinite.

Why is the board pushing this idea so hard right now?

3

We heard a couple of participants ask some version of this question during the WSC discussions, and we want to address it directly. The World Board is a leadership body. Our responsibility as stewards of NA World Services’ resources is to advocate for approaches that use all of our resources as wisely as possible. In that capacity, we often suggest ideas for

change. In NA, “leaders are but trusted servants.” We offer recommendations in a spirit of service, with the faith that the Fellowship and the conference will make the decisions that are best for NA.

Probably no path toward change is ideal. No matter what decisions the conference makes, the benefit of hindsight will always reveal things we could have done better. But this feels like a particularly opportune time for improvements because so much change was thrust upon NA by the pandemic. We have learned over the course of the last several years that we can stay connected and reduce the overall cost at all levels of service. We learned that we can get a lot done virtually, including making decisions and having fun (virtual dance party anyone?), when we need to. We see the suggestions in this report as a way to begin to leverage what we learned during the pandemic.

What about all of the other good ideas about changing the WSC? Why are these the only ideas the board is recommending?

As we have said repeatedly, these recommendations are a first step—the beginning of a process of change, not the end. So many great ideas have been shared about ways to improve the WSC. An expanded cycle gives us more opportunity to try some of those new processes and possibly more time for existing processes as well.

A longer cycle might allow more time for the CAR and the CAT to be workshopped. Perhaps the conference can develop processes for the body to build the CAR together, including mechanisms for delegates to prioritize or vet motions.

Another suggestion that has come up repeatedly is to make some decisions virtually before meeting in person so that the in-person meeting can focus more on planning, training, mentorship, and conversation.

We’ve heard input about how to improve collaboration and strategic planning, including more use of zones and better communication with members, groups, and local service bodies. Having more time to build consensus and hear the quiet voices will strengthen the conference and the Fellowship.

More discussion among participants will help us refine some of these processes and come to consensus about what else we want to try.

Will a three-year cycle mean a longer conference and CAR?

4

A three-year cycle would be the first step in a larger evolution. It’s not about doing exactly the same things less frequently. It’s about spreading out work throughout the cycle and using the time between meetings to improve communication and collaboration.

The longer cycle would allow more focus on zonal forum activity and use of zonal forums, more emphasis on training new trusted servants, more focus on FD, PR, and carrying the message locally.

As we shared above, we hope both the WSC and the CAR are reimagined along with the cycle.

All of these are ideas shared by participants during the WSC and CP web meeting.

More will be revealed.

Who will be part of a workgroup, and what will they do?

We are recommending that a workgroup focus on framing some of the ideas participants have offered about new and more effective processes to plan, communicate, and work throughout the cycle. Our last workgroup related to the WSC was made up of a member selected by each zone, and at least in our preliminary discussions, this seems to make sense now as well. This would be a virtual workgroup.

Most participants feel strongly about the future of the WSC, and want a part in developing a path forward. We expect that the workgroup will be focused on forwarding ideas for discussion at CP webinars so that we can move forward together. It will take all of us together to create effective change.

Will a three-year cycle cause problems for regions and zones that are trying to fill delegate and alternate positions?

Any changes in the years the WSC is scheduled will affect regions and zones.

We all—regions, zones, and NAWS— have had to make changes over the past few years to accommodate a virtual WSC meeting in 2020 and 2022 and an in-person meeting in 2023. Similar concerns were expressed in 2002 when we moved from an annual to a biennial WSC, and we have adapted. Now, a two-year cycle is all many members have ever known. Change can be difficult, but it is possible.

A three-year cycle would mean a six-year commitment for a member who serves first as AD and then RD or ZD. Many regions currently have delegates and alternates serve two terms in a row, for a total of eight years, which would become twelve years with a three-year cycle. On the other hand, a longer cycle with an interim WSC and more emphasis on mentorship might lead some of those bodies to opt for a single term, reducing the commitment to six years. We don't mean to make light of the challenges such changes can present. It can be difficult to find willing trusted servants now with a two-year term. Lengthening the cycle may exacerbate that difficulty. World Services is notified of changes to delegates and alternates almost every week throughout the two-year cycle, currently.

5

If the work of the WSC becomes more visible to members and groups and is seen as more relevant, more willing members may come forward.

We believe that whatever decisions are ultimately made, together we will find our way through and thrive as a result.

Doesn't opt-in funding just move the money around?

When the Fellowship adopted policy that all delegates would be funded by World Services, there was a belief that contributions to World Services would increase in response. Regions that needed the funding would have it, and regions that would have otherwise funded their own delegate would forward that money to World Services. The thinking was that automatic funding of delegates just moved the money around. That has not proven to be entirely true. Currently, some participants fund their own delegates, some increase their contributions, and some spend the funds that might have gone to delegate travel on local initiatives.

We believe that making funding available upon request, no questions asked, will ensure that anyone who needs funding has it, while encouraging regions and zones that are able to fund their delegates to do so.

Won't a three-year cycle separate the WSC even more from groups and members?

We see exactly the opposite as more likely. If we can make strategic planning more of a collaborative effort, the work of the conference, which happens throughout the cycle, not just during the in-person meeting, could feel more relevant to members and groups. The conference is so much more than a collection of motions in the CAR, and a three-year cycle would allow more time to bring that magic to the Fellowship at large and to better assess the needs of NA as a whole.

What's next?

The conference participant web meeting on 18 June is focused on these ideas. Any decisions about cycle length or funding will be made at WSC 2023. We look forward to our discussions with other conference participants, which will help ensure that any project plans or motions offered for decision are well thought through. As always, we welcome your thoughts at any time: [wb@na.org](mailto:wb@na.org).

PPANA RCM-E REPORT to CRSCNA

July 17, 2022

Hello Fellow addicts!

I'm Dan B. and I'm very grateful to be here today. It's great to serve with you all in our region. Our area is doing very well. We have been working on the usual stuff. Our PR committee is trying to get things back into action. Post pandemic is going slow, but we are moving in the right direction. We have started the process of an area inventory. We are looking forward to seeing how we stack up in the eyes of the groups and addicts we serve. I'm a little off this week and I'm not aware of the events we have scheduled. I would be more than happy to get that information if you are or know someone looking to come to our part of the state in support. We have been engaged in a lot of talk about our guidelines in the last few months. We are trying to simplify them. We are trying to bring them closer to the ideas that best serve the consensus-based service structure. Our donation to the region should have been made by VENMO. I'm not sure of the amount.

Grateful to Serve

CRCNA XXXVI Chair Report to CRSCNA 07/16/2022

Preparations for CRCNA XXXVI are well underway. We have about 150 people registered so far. Currently online registration is at the pre-event cost level. If you register before September 30th, you will save some money. September 30th is also the last opportunity to purchase the discounted Full Package which includes registration, Saturday banquet, Sunday breakfast, Friday night dessert bar, and your ticket to the Saturday night entertainment, Soul School. Online merchandise ordering also ends on

September 30th. Please register ahead of time, purchase merchandise, and get your tickets for banquet events and the Soul School party. Doing this ahead of time online makes it easier on the volunteers at the convention, ensures you get everything you want, and saves you some money.

Register and order merchandise at

<https://nacolorado.org/crcna/registrationandmerchandise>

CRCNA will have a presence at some upcoming events to help you get registered and have some merchandise available. We will be at the Off the Wall and Boulder area Boyd Lake Unity Event on August 6th as well as the Taco Night event in the Pikes Peak area on September 20th. We have many service opportunities available. If you would like to help out at the convention, please contact us soon. You can find contact information for all the sub-committees at <https://nacolorado.org/crcna/contact-crcna>. We will have a signup soon for greeters at

<https://nacolorado.org/crcna/hugsquad>. You can also contact myself or the convention vice chair Lindsey and we can help you find a place to help us out.

One of our biggest needs is to get the Fundraising and Entertainment subcommittee chair position filled. We are looking for someone to organize a group of people to facilitate the Friday and Saturday night entertainment events. This is a great opportunity to give back to the fellowship and make the convention a really fun time in recovery for all of us. Your local area CRCNA Liaisons can help you with getting books to us for the Basic Text book give away for newcomers. We are gathering information about amenities we are considering for the convention. We want to find out if there is a desire in the fellowship to provide childcare, Spanish language translation, and sign language (ASL) translation. We need to balance the responsible use of fellowship funds with the actual need in the fellowship for the services before we can commit to providing any of these so, please reach out to us and let us know what you, your group, and your area think about these. Again, you can talk to your area CRCNA liaison about these things. I have included the list of Marathon Meeting and convention workshop topics for approval by the regional service committee. The next CRCNA Meeting is online on the second Saturday, August 13th, 9am-12pm <https://us02web.zoom.us/j/2903500360?pwd=TVBrSlF3TEF4QUZORHhaT0NVYk5FUT09>

### **CRRMCO IX Chair Report**

The campout was a huge success, with an amazing turnout. We had 59 adults and 11 children pre-register, and 25 adults register on site, for a total of 95 registrations. Special thanks Steve K, Teresa K., Dan B. & Angie R., for speaking and carrying a strong NA message. I spoke with the hostess, after the event, they were very pleased how we left the camp and cleaned up after ourselves.

We are looking at having the 2023 campout on June 9th - 11th. However, this depends on availability, as the forest service has not opened registration for next season, as of yet. We will be monitoring it closely to try and secure those dates. It was a great weekend. Thank you for allowing me to be of service.

**HI Chair**

We recently have uploaded our speaker content on the nacolorado website.

Very grateful to Jason L and Zack for making this happen.

Boulder Area has a new chair TJ R.

Currently has 2 meetings going into Treatment centers and Jails are supposed to be reopening for H&I meetings.

Mile High Area has a new chair Zack H.

The Mile High area is currently carrying H&I meetings into Step Denver, Peer 1, The Samaritan House, Denver Rescue Mission, Valley Hope, Cotton Wood, The Foundry, Routt county jail....

Preparing an order for Colorado DOC for literature, the prisons are still on lockdown.

We are also in conversations regarding a meeting for Probation and Parole on Monday evenings via our Multimedia Webinar format.

JR G. is now the vice chair. He and I will be working together to be of service more effectively for the Region moving forward.

No callbacks from the OTW area or Pikes Peak areas.

CRCNA H&I conversations have been with Erica (CRCNA H&I committee member)

JR will take over that responsibility and coordinate with CRCNA H&I committee.

CRSCNA Web Chair Report – July 16, 2022

Due to a previous commitment, I am unable to attend the July CRSCNA meeting. See you all at the September Assembly. I am willing to do work on a new version of the regional website, but summer is busy, and I have been unable to find the time to do this service. Fall should be a better time for me to participate. If anyone reading this has web development experience and would like to help build a new website for the region, please contact Chuck C.

**CNAC Report**

July 17, 2022

Colorado Narcotics Anonymous Convention, Inc. (CNAC) held its last Board Meeting on July 2, 2022.

We currently have contracts signed for:  
Women's Retreat (WRCNA) August 26-28, 2022  
Western Service Learning Days October 27-30, 2022  
CRCNA XXXVI November 11-13, 2022  
CRCNA XXXVII November 10-12, 2023

CNAC has an open position for a Member at Large. For qualifications and nominations, please contact the CNAC Chair directly at sskatz21@aol.com  
If any of your Groups or Areas are asked for a Certificate of Liability Insurance for any events you are holding, please contact CNAC or the Regional Chair. Just give us the name and address of the facility that is requesting, and we can get a Certificate of Liability Insurance naming the facility in a matter of a few short days. If you are asked to sign a contract for an event, we will be happy to review and sign it on a timely basis. We are currently in the preliminary process of looking at hotels to discuss a three year contract for CRCNA XXXVIII, CRCNA XXXIX and CRCNA XL (2024-2026). The hotel has to have a Convention Center or ballroom that can seat 1200-1500 people and have reasonable room rates. We already know that there are at most six hotels in the Colorado Region that fit these criteria, but if you have any suggestions, please have your RCM's bring them to the Regional Assembly in September so that CNAC could contact and negotiate possible host hotels.

The next CNAC Board Meeting will be October 1, 2022 at 9:30 am.

In loving service,  
Steve K CNAC Chair
