-NEW BUSINESS:

1. CRCNA -Guidelines need to be redone

1 -now want to move all CRCNA business to new PO Box -

J objections to this move from GSR's and all were loud and strong (no motions to this effect were then made)

2. CRSC Guidelines needs to be redone and also to now include provisions for zonal forum info, resource people's job functions and so forth. preliminary paperwork given to Jim M. of Pikes Peak Area to handle. Linda L. (Denver Area) volunteered to help him.

MOTIONS:

#-1. That CRSC form an ad hoc committee- to- look at PI and H & I needs

throughout the Region, especially in areas not currently being served by an existing PI or H & I committee. They could study problems related to these areas and perhaps focus on meeting needs in these diverse areas primarily through literature mailings to

H & I facilities or public entities usually served by PI.

Submitted by Jeanne R. and John M. (Foothills)

Seconded by ?

MOTION WITHDRAWN -Discussion instead centered around who are the Resource People for the Colorado Regional Service Committee:

H & I -John R. 303-231-4651 (W) 303-423-6356 (H)

Outreach -Ryan C. 303-530-5090 (H)

Phonelines -Angelo 970-876-2163 (H)

PI -Bob D. 303-781-6442 (H)

Web -Mike M. 303-246-3817

# 2. That CRSC disburse \$495.00 to Foothills ASC to be used for the FASC PI committee to purchase public service announcements for TV produced by NAWS. (Each tape costs \$75.00 in Beta format and we would need 6 to cover all the Denver stations. Due to widespread cable access, these would be seen all over the Colorado region.)

\$ 75.00 x 6 = \$ 450.00 + \$ 45.00 (10% shipping) = \$495.00

Submitted by Jeanne R. and John M. (Foothills)

Seconded by ?

MOTION TABLED -CRSC needs FASC to bring to next regional meeting info about (1) the ending of tapes with telephone numbers, especially local in areas other than the Denver metroplex; (2) is Beta the format used all over the state?; and (3) are tapes the permanent possession of each TV station or can they be released to be used in other local station affiliates like Colorado Springs' or Grand Junction's local station?
